The Power Behind Clean

Encore 28-38 Walk-Behind Scrubbers

Full-Size Automatic Floor Scrubbers for Large Cleaning Capacity

The First Choice of Cleaning Professionals

The large Encore can be found cleaning hospitals, schools and shopping malls as well as in industrial applications. After many years of use, both Encore standard and luxury models still provide the greatest value.

- The versatility to configure the machine with various pad drivers or brushes.
- Various battery pack options.
- The off-aisle wand option sprays down water and recovers the solution.
- Choose the standard model or the deluxe feature rich luxury model.
- Large tank capacities mean fewer trips to dump and fill.
- Ergonomically designed controls fit your operator comfortably.

Rugged Features - Designed to Last

Encore large automatic scrubbers provide the longest run times, greatest capacities and lowest costs per day to operate.

Design features include:

- Heavy duty Polydur™ exteriors to prevent accidental damage common in industrial applications.
- Reinforced floating scrub deck with wall rollers and gimballed floating brushes.
- Heavy duty transaxle cleans inclines and makes for easy loading and unloading.
- Heavy duty rear casters absorb the shock from grouted or damaged floor surfaces.
- Patented Accu-Track™ breakaway squeegee prevents damage if accidentally hooked by a post or pallet.

Service is a Breeze with Encore Automatic Scrubbers

Exclusive Clarke batteries for the longest run times

Readily accessible vacuum motor can be removed in minutes for thorough inspection

Removable recovery tank

Heavy duty tank support latch

No-tool access to brush motors and removable brush housing

Patented squeegee incorporates a steel frame and adjusts without tools
