The Power Behind Clean

MPV-60 Industrial Rider Sweeper

Industrial Sweeper Offers Unbeatable Duo Performance Plus Value

The MPV-60 rider sweeper picks up everything from bulky loose debris to fine dust from a variety of floors, ranging from smooth to rough surfaces. This high performance sweeper makes quick work of the toughest sweeping tasks both inside and outside your facility.

Durable features designed to last:

- Heavy-duty hydraulic drive and power steering result in low maintenance
- Front bumper withstands 5-mph impact without machine or wall damage
- Heavy-duty cast steel rear bumper provides extra protection
- Steel debris hopper operates under rugged conditions
- Flat-faced O-ring seals comparable to use in aircraft prevent hydraulic leakage

Productivity features include:

- Cyclonic pre-chamber removes 55% of the dust from the air before reaching panel filter for long sweeping duration
- Extra-large door to 14-cubic-foot hopper permits easy access for removing big items
- “Magic fingers” dust removal system ensures all dust is dumped from the machine
- Ergonomic controls facilitate fatigue-free operation

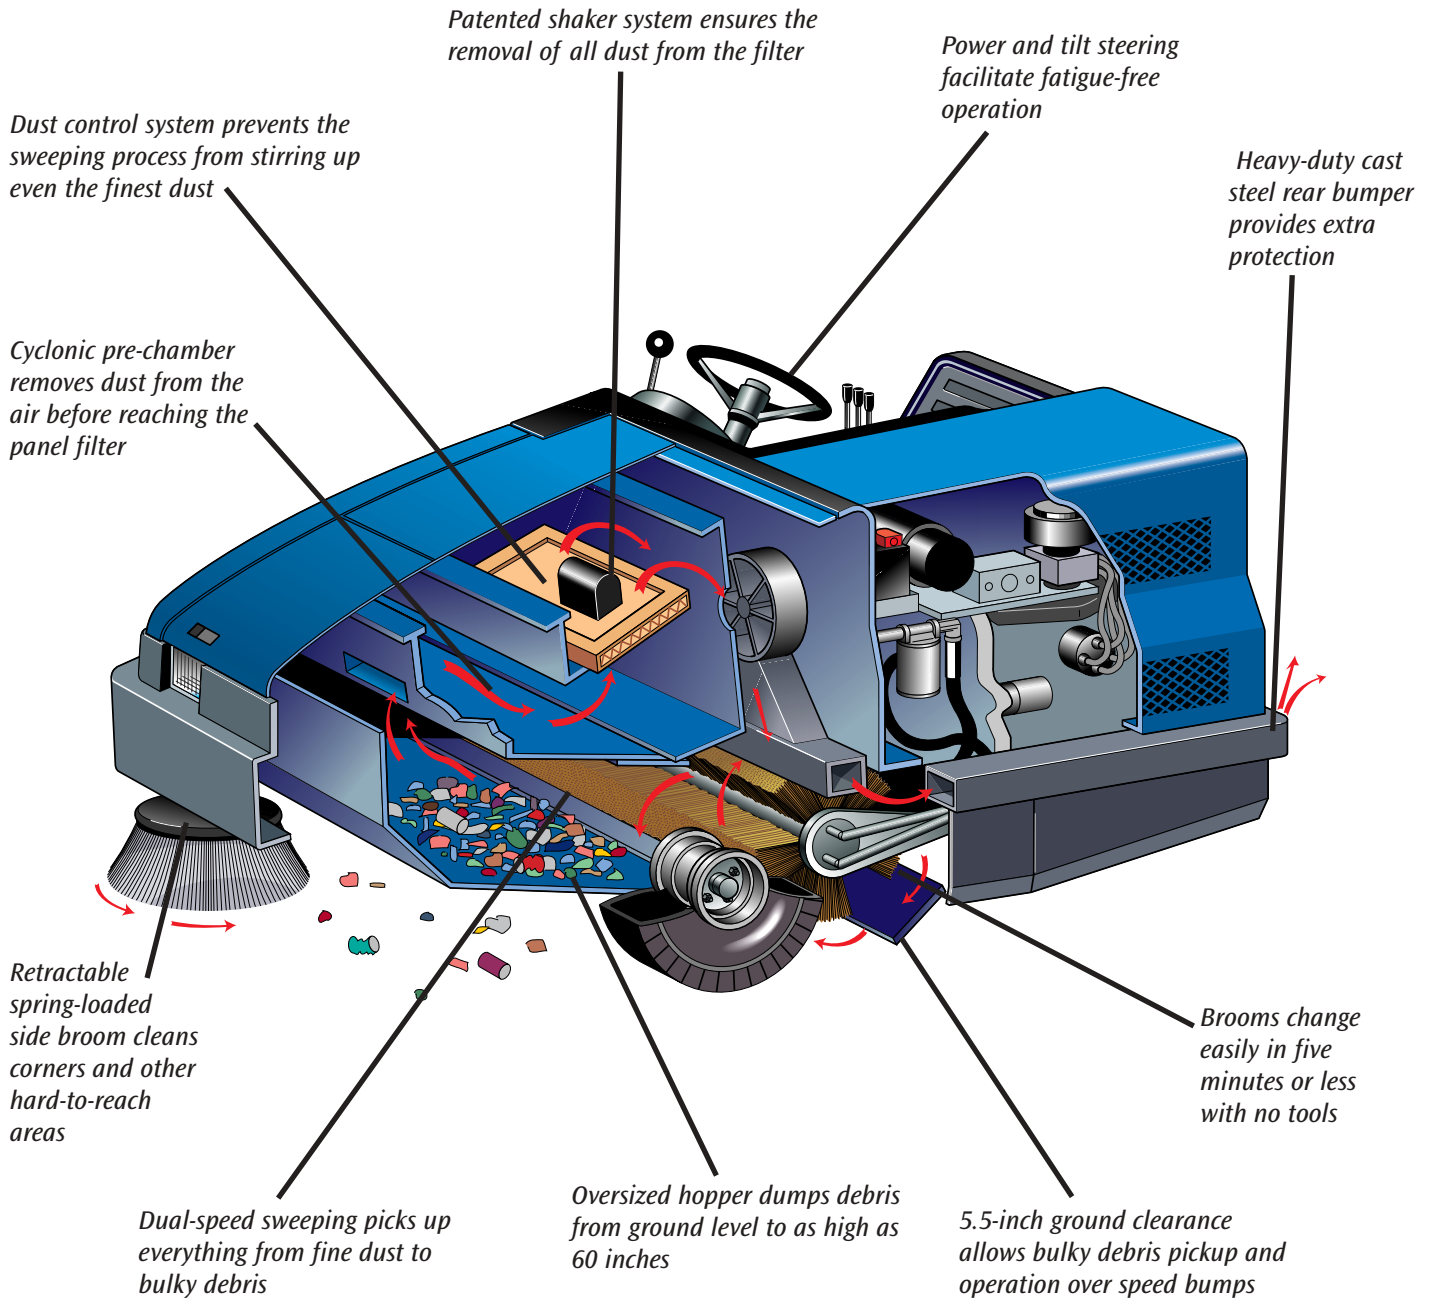

Extra-large door to 14-cubic-foot hopper permits easy removal of large items often left behind.

Versatile dump system dumps from ground level up to 60 in. eliminating second handling of debris.

Broom maintenance is kept to a minimum with the swing-out idler arm and no-tool broom removal features.

Total steel models operate in the harshest conditions with a minimum of maintenance.

Choose the optional Littervac™ if you need to remove leaves, cans and paper from behind car stops and along fence lines.

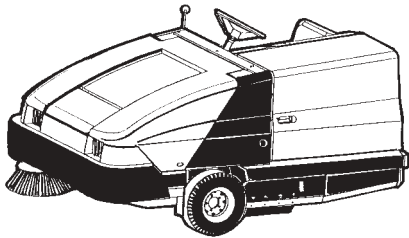

Available engine choices include Ford EFI gas, LP or Mitsubishi diesel. Meets EPA requirements through 2007.

Industrial Rider Sweeper

American-Lincoln®

The Power Behind Clean

KEY FEATURES

- Custom configuration meets your exact facility needs
- Wide sweeping path increases productivity
- Large capacity hopper and dust filter lengthen sweeping duration
- Heavy-duty steel hopper for long life
- Optional Littervac™ removes debris normally left behind

SPECIFICATIONS

Model	MPV-60
Sweeping path	60 in. (152.4 cm)
Hopper capacity	14 cu. ft. (396 l)
Dump height	0 – 60 in. (0 – 152.4 cm)
Vacuum fan	Hydraulically driven
U-turn aisle width	110 in. (279 cm)
Turning radius (left)	67 in. (107 cm)
Dust filter	88 sq. ft. (8.1 sq m)
Main broom	45 in. (114 cm)
Side broom	23 in. (58 cm)
Engines	63 hp Ford EFI gas or LP / 37 hp Mitsubishi diesel
Dimensions (L x W x H)	98 x 62 x 50.75 in. (249 x 157 x 129 cm)
Height with overhead guard	78 in. (198 cm)
Weight	2,800 lbs. (1,271 kg)

WHO USES THIS MACHINE?

- Parks and recreation departments
- Manufacturing plants
- General warehouses
- Stadiums
- Parking garages
- Automotive plants

WHAT ENHANCES ITS PRODUCTIVITY?

- Hydraulic systems and power steering
- Dual-speed sweeping
- Large debris hopper and dust collection filter
- Variable height dump system
- Littervac™ option for hard-to-reach areas

WHAT DOES IT DO BEST?

- Aggressively picks up debris and dust
- Controls dust even in the harshest conditions
- Ergonomic controls reduce operator fatigue
- Low maintenance provides more productivity and less downtime

WHAT ARE ITS SAFETY FEATURES?

- Rack and pinion power steering for better handling
- Hopper safety arm
- Excellent line-of-sight from operator's compartment

WHAT ADDS TO ITS DURABILITY?

- Flat faced O-ring seals for lower hydraulic system maintenance
- Heavy gauge welded steel chassis with 5-mph bumper
- Heavy-duty cast steel rear bumper for extra protection
- Heavy-duty hydraulic system backed by three-year warranty
- All steel construction on “total steel” models
